Employee Spotlight

Jason Hess has been with Rock Harbor since February of this year. He comes to us from Myrtle Beach S.C. Jason has very full resume that takes no time to see he is a true asset to our team. In 2009 Jason was in the Navy during Operation Iraqi Freedom and then Operation Enduring Freedom.

After leaving the Navy, Jason went to the Golf Academy in Myrtle Beach S.C. This was a 2 year program that teaches everything about golf from tournament management to fixing clubs.

In 2011 Jason attend a 4 year program at Costal Carolina University in S.C. for Pro Golf Management.

He spent a few years as the Pro at Fin Castel in Bluefield, VA then As. Pro at The Witch in S.C. before finding his way to Rock Harbor Golf Course.

If you haven't had the change to get to know Jason and welcome him, please do.

Scott Messick is one of our new Rangers. You may see him riding around in the red carts or out on the course helping to keep the speed of play moving.

Scott is settled into High View, WV but comes from Houston, TX.

He was looking for some part-time employment that offered him a chance to meet people and be outdoors.

Scott also enjoys playing golf, so this was a win/win for him.

Make sure you welcome Scott to the team.

1st Annual Match Play Championship

Geri Lum:

This year we introduced a season long competition under match play format. It's not too often that folks get to play under that format and we thought that this may spark some interest. Perhaps if there was enough interest, we could grow into an inter-club competition, perhaps.

So we had forty teams sign up under a double elimination bracketed tournament. The seeds were randomly selected to start and then as teams filled the consolation bracket, those matches fell into place.

So through this very wet season, teams dredged on and some advanced as expected some not so much.

I'd like to thank:
