Rock Harbor News

VOLUME 19 ISSUE 2

FEBRUARY 2023

Curt's Corner

Curt Corey,
 General Manager & Pro:

WOW! What a mild winter, so far! I hear that this is not quite the usual winter for the Shenandoah Valley, but we are all sure enjoying it. This great weather has us all looking forward to the upcoming season!

Be sure you are well-equipped for the season by joining us for the **Rock Harbor Golf Show on Wednesday, February 8th, 4:00-7:00 P.M.** Bring a friend or two, as the show is open to the public. We will have several different companies here to display 2023 products. The company sales representatives will be on hand to answer your questions.

Mark your calendar for **Wednesday, March 1st at 6:00 P.M.** for our upcoming **Virginia State Golf Association Rules Seminar**. This is not only an informational meeting, but a social event for the Rock Harbor Golf Course Members.

Check out the 2023 Member Tournament Schedule online! Plan to take advantage of all the fun *Rock Harbor Golf Course* has to offer!

Fresh From The Grill

Beau Rudiger,
RH Grill Manager:

It's the end of January and we haven't had a snowstorm yet!!! Let's hope this moderate weather continues right into spring. We have Valentine's Day coming up soon. We will be doing two sittings on the Saturday before (Feb. 11) and probably one seating Valentine's day, probably starting at 6pm. The details will be out this weekend, along with the menu.

Speaking of menus, you will start to see a few new items added to our menu in the next few days. We will also be removing an item or two. We are still having major issues with supply and demand, and pricing on numerous items presently on the menu. I will be removing some of those items for a simple reason: they have gone up 300% to 500% in pricing and are no

longer a viable option for our menu. So, as we move closer to decent weather, please make sure you are closing your charges out before you leave the course for the day. We always have a few disputes on charges, but if everyone followed policy and closed their checks before leaving, we would not have that issue.

The Green

Chris Dieter, Course Superintendent:

We seemed to finish January off with a bang. I saw many of you out playing golf rather than having to shovel snow. There was a good turnout for my Superintendents yearly update. Thank you to those who came out! For those of you who did not, check out these two links as they will give you some much needed information:

<https://www.youtube.com/watch?v=SJ6CegCUPfw>
<https://www.youtube.com/watch?v=kzEGA-nws8Y>

I highly recommend members coming to our member social events, everyone has a good time. You never know, you may finally meet someone you can beat on the course.

Let's all remember to pay attention when driving the golf carts. There are many obstacles out there.

I would like to thank the ownership for our recent purchase of a New (not used) Aerifier, which should be arriving in early April, and also for the purchase of an updated irrigation control package. Both are substantial investments in our courses.

Smashed ball washer, pictured above.

Updates on the bunker on Boulder #2, it should be finished soon. The added timbers will give an interesting effect to this bunker.

I am keeping it short this month, if you wanted to know more you should have come to the Superintendents night.

For questions, comments, or criticisms stop me anytime.
