# Rock Harbor News

VOLUME 19 ISSUE 9

NOVEMBER 2023

## Curt's Corner

General Manager & Pro:

Well, another season of events is completed with the help of Mother Nature. This past month, we had some really successful outside outings that helped out the local area with the Holiday Season approaching: the “**Chain of Checks**” outing and the “**Turkeys for Sharing**” outing.

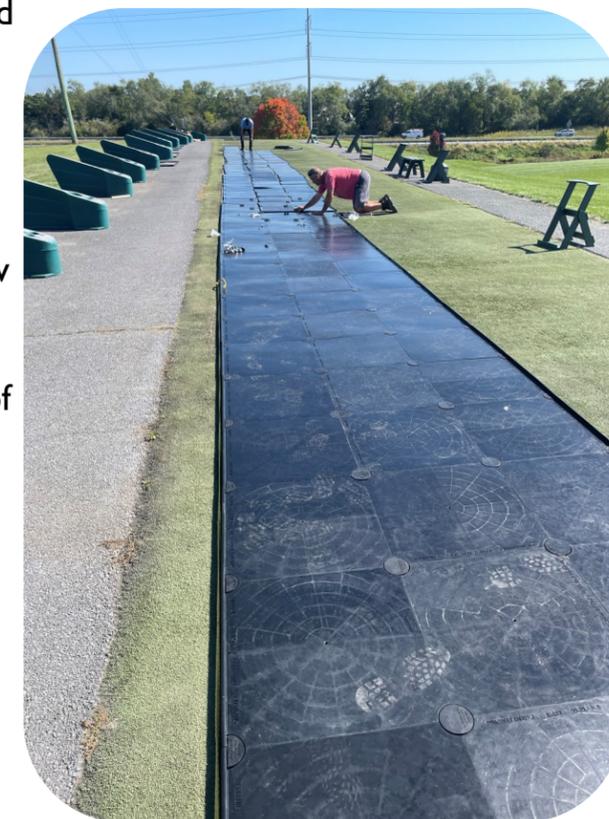

Please, make sure to cash in all of your **Rock Harbor** Gift Certificates from this past season's Member Outings. We will be having, as usual, some season ending sales to clear out some of the older merchandise and make room for the new items.

Starting in November there will be a ‘Putter Sale’ from these well-known golf companies that we keep in inventory: TaylorMade, Titleist, Bettinardi, Mizuno and Odyssey. Make sure to stop by and check out these very nice putters.

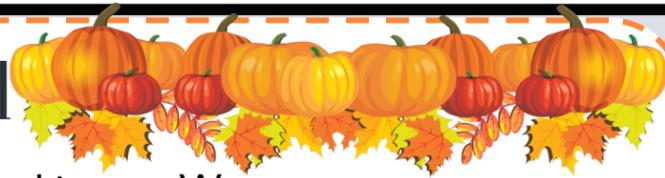

We have installed and opened up our new Driving Range! I believe that this new practice surface will be an asset to all of those players that enjoy practicing and all of the ones that should.

There still is a lot of time left in the season. So, make plans to come out and enjoy this beautiful time of the year.

Our new Driving Range, pictured right.

## Fresh From The Grill

Beau Rudiger,  
RH Grill Manager:

We are having some good golf weather to end the month of October. Hopefully November will give us some decent golf days. I'm working on lining up the **"Thanksgiving Without Cooking."** I should have the menu out this week, since Thanksgiving is early on the

calendar this year. We are presently taking Christmas party reservations. If you have a company, or a very large family and don't want to deal with the mess and cooking, give us a call and see if we have a date for your Christmas party.

We are running **Pizza and Wings on Friday Night**, and also on **Sunday**, so

make sure you take advantage of our wing prices. Our hours are changing, we will notify you of our new hours by email in the next week or so. We have **Daylight Savings Time** coming up on **November 5th** as a heads up. Make sure that, if you haven't tried the **Friday Night Pizza and Wings**, you do!

Have a safe and happy Turkey Day!!

## The Green

Chris Dieter, Course Superintendent:

What a different year 2023 has been. Starting with a long, cool Spring, the Daylilies on the course grew to the healthiest sizes I have ever seen! Then, came the drought... Thanks to the water from the Quarry, we never ran out of water. The deer ate the healthy Daylilies while the rest of their food was drying up. The drought also held the Crepe Myrtle blooms back until late September. The positive side of it all, there was plenty of good weather for golf.

Coming into the Fall, let us not forget up-and-coming Frost Delays. Please, remember, I gain nothing by holding you back from playing golf. Frost Delays are completely to protect the course from damage. The damage being frozen grass plants getting crushed by golf carts and foot traffic. I promise you; we will get you on the course as soon as possible.

What is happening on the golf course? You may have noticed repairs on several greens. Some are just spots which have been worn out with foot traffic or equipment traffic. We also had some damage from foxes (pictured on the right).

We are always repairing damages to keep the greens in the best condition possible for your enjoyment.

Rock #11 Bunker was completed, and we have started on the right bunker on Boulder #16.

Rock #11 Bunker, pictured above.

Boulder # 16, pictured below.

Now, begins leaf season. We will pick up the leaves just often enough so that I will have enough golf balls to play some next year.

Thank you for your donations.

Please, remember to repair your divots and ball marks, and if you see someone abusing any golf course, report it!

Just in case you were wondering, I had a great time in Ireland! (And even found us a few new mowers, pictured on the right.)
