Schedule is also available online at rockharborgolf.com/events/

Fresh From The Grill

Beau Rudiger,
RH Grill Manager:

I hope everyone had a great Christmas with family and friends this year!!! I, also, want to thank everyone for being patient during December with the different closing times due to the private Christmas parties. We will get back to Pizza and Wings in January, for

Friday evenings and Sundays. I hope everyone had a good time at the Member Christmas social, we had a great turnout this year!

Let's hope for a warm January and February with plenty of good golf days and NO SNOW. In

order for us to get back into a normal routine in January, we are going to add a few new items, while

also taking a few items off. We will also probably start closing at 5:30 pm in January *and* February. I'll send that out in an email when it's time for the change. Everyone stay warm and fingers crossed that we will not receive **ANY** snow.

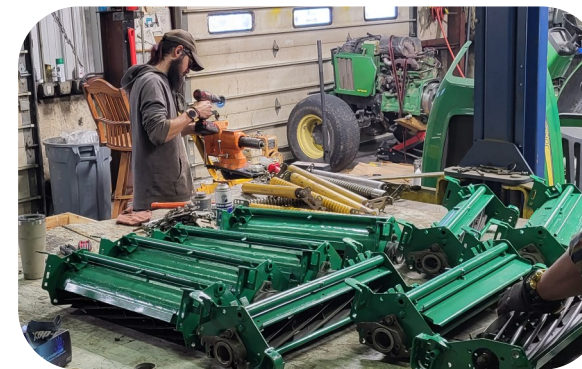

If you were golfing mid-December, there is a chance you got to see our two worlds collide! Joe Doss, from our parent company Stuart M. Perry, Inc., had to bring in a Pettibone to lift and move the Golf Course's broken down Bobcat.

The Green

Chris Dieter,
Course Superintendent:

Happy New Year everyone! Hope the beginning of 2024 finds everyone in good health.

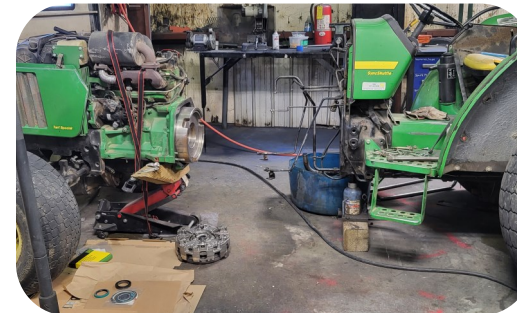

As you sit back and enjoy all the new toys Santa brought you, we are working away like elves preparing for next year. Our major shop project for every winter is refurbishing all the mowers.

We start with each cutting head, pictured left. Each cutting unit gets new reel bearings, new roller bearings, and new bushings. The cutting unit housings are sanded and painted to prevent corrosion.

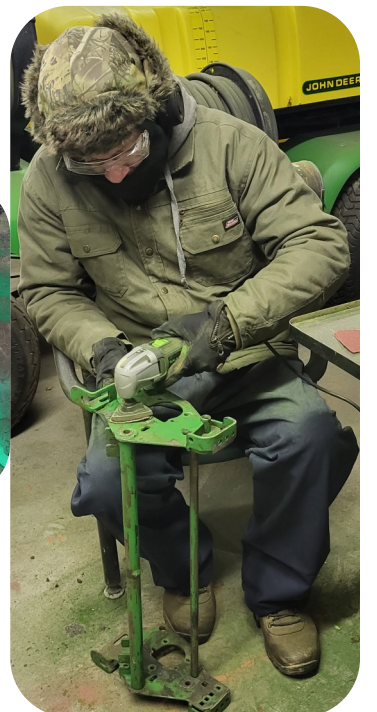

Painted Reel Housings, above

Tractor split for a new clutch, above

Tee Mower rebuild, above

Sanding Unit Frames, above

The latest change for 2024, that I am *not* looking forward to: **Joe Ott**, a key employee to our operation over the last 3+ years, is moving on to new adventures. We will miss Joe a lot this coming year and wish him the best as he moves on.

Thank you, **Joe**, for your years of making **Rock Harbor Golf Course** a better place.

I look forward to seeing the rest of you on the golf course.
