VOLUME 20 ISSUE 2

FEBRUARY 2024

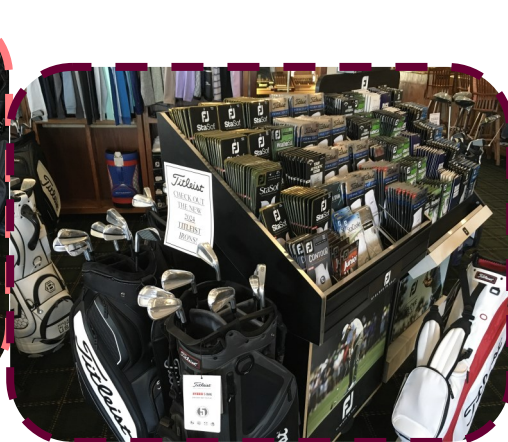

## Curt's Corner

Curt Corey,  
General Manager & Pro:

Ole Jack Frost nearly lost his grip on winter! Before he returns, take advantage of every nice day! Check our updated **Driving Range** to jumpstart your game.

If you are down with a case of "Spring Fever," stop in to see our newly arrived merchandise in the Rock Harbor Pro Shop. You are sure to find a little something that will get you through until Mother Nature unleashes Spring for us.

Our 2024 Demo Clubs are beginning to arrive provided by the most loved golf companies. I would be happy to provide a no-charge custom fitting for you.

## Fresh From The Grill

Beau Rudiger,  
RH Grill Manager:

January came in very cold but is leaving with semi-decent golf weather. Let's hope February is mild. We have Valentines Day coming up. We are doing it a little differently this year. We will have the Valentine's menu Saturday (2/10) evening. We are not taking reservations; it will be first come first serve. So, please be courteous. If we have a wait on tables, we ask

that when you're done, you please pay your bill and give someone else a chance to sit down and have dinner. Now, Wednesday, (2/14) we are taking reservations for 2 seatings. The first seating is at 5:15 pm and the second seating is at 7:30 pm. I've held off on publishing the Valentine's Menu because I wanted to make sure that I could get the products and lock in the prices. We are *still* having product issues, be it transportation or

production.

In February, I will be reducing the items on our Breakfast and Lunch menus. We have had multiple menu items that have gone up considerably in the last 2 months and the 90-day forecast shows more increases. So, we are getting rid of those items and the items that we're not selling a lot of. None of our best sellers are being removed.

We have some exciting events coming down the pike:

- The Rock Harbor Golf Show on **Wednesday, February 21st**, from 6-8 PM!
- VSGA Rules Seminar will be offered on **Wednesday, February 28th**, from 6-8 PM.

If you love someone who loves golf, think about gifting them a series of golf lessons. Valentine's Day is just around the corner!

## The Green

Chris Dieter, Course Superintendent:

Sitting in my office, thinking of what to write, I can't help but notice the thermometer read out is 72 degrees! Yes, that is the outside temperature on January 26, 2024! The snow has *finally* melted, and I say 'finally' because if *one more* person asked me when the snow was going to be melted enough to open, I would probably lose my mind. I truly believe that some of you would play in full snow coverage if we let you. This was the longest lasting snow cover we had in several years. It is nice to see many of you out enjoying the course today.

Here are a few snowy golf course pictures. You can see what you missed on the course.

Snow on Rock #5

Fog and ice on Rock #7

Snow on Rock #17
