Rock Harbor News

VOLUME 21 ISSUE 1

JANUARY 2025

Curt's Corner

Curt Corey,
General Manager & Pro:

Welcome to the New Year!

Our Christmas Party was a huge success, standing room only at times! Thank you to everyone who joined, we always love celebrating our holidays with you.

As we step into this exciting new year, I want to take a moment to offer my appreciation for the **Rock Harbor Golf Course**

team. None of it would be possible without the efforts of our hard working employees. Thank you to all who made this year amazing!

2024 was filled with memorable moments on the course, in our tournaments and in our community events. We are grateful to all of our patrons for your continued support and enthusiasm, which are vital in making our golf club a vibrant, beautiful place for all members. Let's make 2025 a fantastic year, filled with great memories and even better rounds of golf!

P.S. check out the back of this newsletter for a special preview of how the Grinch and Santa *really* feel about each other!

Fresh From The Grill

Beau Rudiger,
RH Grill Manager:

Happy New Year! Let's hope it's a good one.

December gave us all kinds of weather but finished out with some decent golf weather. I want to thank everyone for a great year and hopefully you all enjoyed the Christmas social we had on 12/11.

It's that time of year when I start looking at some new menu items. We are definitely going to redo some of the salads and sandwiches and see if we can do a little better. We'll have Member Socials so keep an eye out for the emails announcing them.

We still have a few more Holiday Parties, with the next one being on 1/10/25. We will not be having a Pizza & Wing Night that Friday.

So, here's to me and here's to you, let's have a great, safe happy new year!

The Green

Chris Dieter,
Course Superintendent:

I hope everyone has had a wonderful holiday season and a very happy New Year. I am looking forward to another season as your Superintendent at Rock Harbor. The year is off to a good start with the purchase of a second aerifier. We had previously purchased an aerifier of another brand 2 years ago and it was a lemon, which was returned for a full refund. The recent purchase is a TORO 648 aerifier, below, used cost is \$24,000. We have also purchased a used fairway mower, which will be fit with vertical mowing units. This unit will be used to improve tee and fairway conditions.

Fairway mower rebuild, above.

As we continue into winter, our projects continue. We recently cleared the area between Rock #15 and #16, pictured left. The stripped down fairway mower is coming together nicely and Fred has started into 3245 rough mower and rebuilding the second tractor. We have done most of the bush hog work in the no-mow areas. We will be cleaning up some woods edges of several golf holes; nature continually tries to take the course back.

2025

3245 strip down, above. Tractor disassembly, below.

To answer other questions, yes, we will finish the bunker on Boulder #13. The ponds on Boulder #12 and Rock #5 are being priced for rubber liners. If this goes through, it should eliminate future repairs and improve the look of the course overall. See you all out on the course.

More snaps from the Christmas Party, 2024!!

On the right, our very own, Drew, looking festive!
