HAPPY 250TH BIRTHDAY

AMERICA 1776-2026

MEMBERS:

You are **required** to close your open check before leaving the golf course for the day.

This is mandatory, not optional. We are considering adding a **mandatory 10% gratuity** to every check that has not been closed before the grill closes for the day.

JULY 2026

Curt's Corner

Curt Corey: General Manager & Pro:

July has arrived with beautiful sunshine and hot weather. We enjoyed an absolutely fantastic turnout for the Member/Guest Tournament.

Congratulations to Champions Ted and Don Ganse, and to

Runners Up Rich and David Jones.

RUNNERS UP:
Rich Jones and David Jones

Junior Golf Camp returns this July! The sessions will run July 14th-16th from 5:00 PM to 6:30 PM. The cost is \$45 per student for the entire program.

I hope everyone has a safe and happy Fourth of July!

Thank you all for your continued support! Please stop by and say hello the next time you are at the club.

CHAMPIONS:
Don Ganse and Ted Ganse

Fresh From The Grill

Beau Rudinger,
RH Grill Manager:

It's July, time for the Independence Day Member Tournament, for which we will be providing food afterward.

Congratulations to Donni Ganse and son Tim on winning the Member/Guest.

Please sign up for the Independence Day Tournament. I'm working on organizing a 4th of July cookout, featuring ribs, half BBQ chicken, and Brisket. I am still in the planning stages, but this would be our Saturday Night Dinner

special, cooked outside. This special will be available for both dine-in and takeout.

I mention this every year: **Members are required to close their open check before leaving the golf course for the day. This is mandatory, not optional.**

We are considering adding a mandatory 10% gratuity to every check that has not been closed before the grill closes for the day. Please pay close attention to this; we had over 150 checks left open in one

day. This measure will ensure correct names and charges on all checks and also reduce the number of charges I have to look up after month end. This will also result in correct names and charges.

I want to thank everyone for all the prayers, kind words of support, and for asking me how I'm doing. I'm seeing improvements every week and have managed to play a few 9-hole rounds. Hopefully, we'll get a few full rounds in before vacation. I love playing golf while on vacation in Myrtle Beach.

Let's have a **great 250th Anniversary**, be safe and have fun!

The Green

Chris Dieter, Course Superintendent:

I will have to admit; I was nearly pleased with conditions during the **Member/Guest Tournament**. As many of you know, I am usually looking at everything in need of improvement, not that which looks good. In a large healthy patch of grass, I will focus on the one weed.

Congratulations to our **Member/Guest** Winners!

As you may imagine, I get many questions about a lot of subject matter. There has been one dominant question: "What are we doing behind Boulder 6 Green?" I enjoy similar questions like: "Are you building a 3rd Green on Boulder 6?" or "Are you going to extend Boulder 6 so that it is the longest Par 5 in the world?" and "Are you starting to build another nine holes?"

The reality is we were just clearing the woods out to improve air circulation for the green. Boulder 6 Green had become a pocketed green, having no good air circulation. On hot summer days, the grass on the green would become extremely heat stressed and would not be able to cool. The grass would thin or the whole green could die.

Answering the question that has not been asked, "What are we doing to Rock 5 pond?" Recently the leak, that has been playing hide and seek with us for years, decided to (we hope) give up. We will be bringing in heavy equipment to reconstruct this pond. And no, the purpose is not so you can lose more golf balls, but so that the course will appear as it was designed to be.

Keep the questions coming.
